

City of Dover Water Customers

Water Sampling Questionnaire for Lead & Copper Testing

We need homes that were built between 1983 and 1988 to take part in free drinking water testing. With your help, Dover will be able to follow Ohio EPA water monitoring requirements for lead and copper. The information requested below is for the required water sampling. Please complete the questionnaire and return it to one of the following locations. If you have any questions, please call us at (330) 343-3443

- Dover Utility Office, 122 East Third Street, Dover, OH 44622
- Dover Wastewater Treatment Plant, 100 N. Tuscarawas Ave., Dover OH 44622
- Or mailed to: Dover Water/Wastewater Dept., 100 N. Tuscarawas Ave., Dover, OH 44622
- Or emailed to: mark.keyser@doverohio.com
